PERSONAL SUMMARY

To demonstrate my surgical proficiency and ensure the best possible pre and post-surgical care to the patients confined in your esteemed hospital. Being a responsible surgeon with 11 years of experience from my graduation and 4 years of experience from my postgraduation training. It is my objective to also take on more responsibilities as a surgeon by fulfilling a head surgeon vacancy. Responsible surgeon with 11 years of experience maximizing patient wellness and seeking to deliver healthcare excellence. A compassionate General Surgeon with a successful background in the diagnosis, treatment and management of various patient illnesses with successful elective and emergency surgical procedures. Acclaimed for making informed decisions to manage a variety of patient ailments. Skilled in the delivery of medical advice with a focus on patient assessments, correct diagnosis and effective surgical treatment. Maintains a focus on collaborating with medical teams and health care workers concerning surgical issues and patient care. Ensures adherence to healthcare guidelines and standard practice. Passionate about minimal access surgery and recent advances.
